

OneSchool Unit Plan

Name:	Unit 2 - Health and Physical Education Year 6 - Health (V8)	Duration:	10 Weeks
Year Level/s:	6	Type:	Master
Class:			
Learning Area/ Subject:	Health and Physical Education	Teachers:	Corporate

Unit Plan

Let's all be active

In this unit, students investigate how physical activity creates opportunities for different groups to work together. Students identify how physical activity contributes to individual and community wellbeing. Students collect information on physical activity participation in their school setting and explore how technology can support participation in physical activity.

For further information to support teaching of the unit, view the:

- [Band plan](#)
- [Topic overview](#)

Throughout the unit, ensure all students have opportunities to develop their higher-order thinking skills. Students develop skills in thinking when they are encouraged to reflect, inquire, generate, and analyse, synthesise and evaluate. Resources that support higher-order thinking skills:

- Helpful information - [Higher-order thinking skills Years P-9](#)

Safety

Teachers need to identify safety issues and conduct risk assessments.

For this unit teachers should:

- refer to [Curriculum activities](#) for risk management
- consult the [Curriculum activity risk management guidelines](#)

Unit Plan**Plan Name: Unit 2 - Health and Physical Education Year 6 - Health (V8)****Year:** 6**Status:** Master**Learning Area/Subject:** Health and Physical Education**Duration:** 10 Weeks

- ensure the working environment is safe for the activity
- ensure students wear personal protective equipment appropriate to the activity and location including, but not limited to, sun-safety clothing, sunscreen, hat and appropriate footwear. See [Developing a sun safety strategy](#).

Assessment

Assessment Task Summary	Technique	Learning Areas/Subject	Status	Date
Let's all be active (Yr 06) Students describe the significance of physical activity to health and wellbeing, to describe their own and others' contributions to safety and wellbeing. Students examine how physical activity, celebrating diversity and connecting to the environment support community wellbeing and cultural understanding. Unit Plan**Plan Name: Unit 2 - Health and Physical Education Year 6 - Health (V8)**

Year: 6

Status: Master

Learning Area/Subject: Health and Physical Education

Duration: 10 Weeks

Australian Curriculum**Health and Physical Education- Years 5 and 6****Years 5 and 6 Achievement Standard**

By the end of Year 6, students investigate developmental changes and transitions. They explain the influence of people and places on identities. They recognise the influence of emotions on behaviours and discuss factors that influence how people interact. They describe their own and others' contributions to health, physical activity, safety and wellbeing. They describe the key features of health-related fitness and the significance of physical activity participation to health and wellbeing. They examine how physical activity, celebrating diversity and connecting to the environment support community wellbeing and cultural understanding.

Students demonstrate fair play and skills to work collaboratively. They access and interpret health information and apply decision-making and problem-solving skills to enhance their own and others' health, safety and wellbeing. They perform specialised movement skills and sequences and propose and combine movement concepts and strategies to achieve movement outcomes and solve movement challenges. They apply the elements of movement when composing and performing movement sequences.

Content Descriptions**Movement and Physical Activity***Understanding movement*

- Participate in physical activities designed to enhance fitness, and discuss the impact regular participation can have on health and wellbeing ([ACPMPO64](#))

Personal, Social and Community Health*Being healthy, safe and active*

- Plan and practise strategies to promote health, safety and wellbeing ([ACPPSO54](#))

Contributing to healthy and active communities

- Explore how participation in outdoor activities supports personal and community health and wellbeing and creates connections to natural and built environments ([ACPPSO59](#))
- Identify how valuing diversity positively influences the wellbeing of the community ([ACPPSO60](#))

Unit Plan**Plan Name: Unit 2 - Health and Physical Education Year 6 - Health (V8)****Year:** 6**Status:** Master**Learning Area/Subject:** Health and Physical Education**Duration:** 10 Weeks**Curriculum Priorities - Pedagogy****Considerations****Prior and future curriculum****Relevant prior curriculum**

Students require prior experience with the following in Years 3-4 Band:

- Identify and practise strategies to promote health, safety and wellbeing (ACPPS036)
- Describe strategies to make the classroom and playground healthy, safe and active spaces (ACPPS040)
- Participate in outdoor games and activities to examine how participation promotes a connection between the community, natural and built environments, and health and wellbeing (ACPPS041)

Curriculum working towards

The teaching and learning in this unit work towards the following in Years 7-8 Band:

- Investigate and select strategies to promote health, safety and wellbeing (ACPPS073)
- Plan and implement strategies for connecting to natural and built environments to promote the health and wellbeing of their communities (ACPPS078)
- Investigate the benefits to individuals and communities of valuing diversity and promoting inclusivity (ACPPS079)
- Participate in physical activities that develop health-related and skill-related fitness components, and create and monitor personal fitness plans (ACPMP083)

General capabilities

This unit provides opportunities for students to engage in the following general capabilities.

Literacy

- Comprehending texts through listening, reading and viewing
- Composing texts through speaking, writing and creating
- Text knowledge
- Grammar knowledge
- Word knowledge
- Visual knowledge

Numeracy

- Using fractions, decimals, percentages, ratios and rates
- Using spatial reasoning
- Interpreting statistical information
- Using measurement

Unit Plan

Plan Name: Unit 2 - Health and Physical Education Year 6 - Health (V8)

Year: 6

Status: Master

Learning Area/Subject: Health and Physical Education

Duration: 10 Weeks

Information and communication technology (ICT) capability

- Investigating with ICT
- Creating with ICT

Critical and creative thinking

- Inquiring - identifying, exploring and organising information and ideas
- Generating ideas, possibilities and actions

Personal and social capability

- Self-awareness
- Self-management
- Social awareness
- Social management

Ethical understanding

- Exploring values, rights and responsibilities

Intercultural understanding

- Recognising culture and developing respect
- Reflecting on intercultural experiences and taking responsibility

For further information, refer to General capabilities in the Australian Curriculum and the Learning area specific advice.

Unit Plan

Plan Name: Unit 2 - Health and Physical Education Year 6 - Health (V8)

Year: 6

Status: Master

Learning Area/Subject: Health and Physical Education

Duration: 10 Weeks

Cross-curriculum priorities

Aboriginal and Torres Strait Islander histories and cultures

Students will develop a knowledge, deep understanding and respect for Aboriginal peoples' and Torres Strait Islander peoples' history and culture and build an awareness that their histories are part of a shared history belonging to all Australians.

The embedding of Aboriginal peoples' and Torres Strait Islander peoples' histories and cultures into the curriculum can be a challenging task. For further information including pedagogical approaches refer to [C2C: Aboriginal peoples & Torres Strait Islander peoples Cross Curriculum Priority support](#).

Asia and Australia's engagement with Asia

Students will learn about and recognise the diversity within and between the countries of the Asia region. They will develop knowledge and understanding of Asian societies, cultures, beliefs and environments, and the connections between the peoples of Asia, Australia, and the rest of the world. Students will develop skills to communicate and engage with the peoples of Asia so they can effectively live, work and learn in the region.

For further information, refer to Asia and Australia's engagement with Asia in the Australian Curriculum and the Learning area statements.

Assessing student learning

Assessment name: Let's all be active

Assessment description: Students describe the significance of physical activity to health and wellbeing, to describe their own and others' contributions to safety and wellbeing. They examine how physical activity, celebrating diversity and connecting to the environment support community wellbeing and cultural understanding.

In this unit, assessment of student learning aligns to the following aspects of the achievement standard.

By the end of Year 6, students investigate developmental changes and transitions. They explain the influence of people and places on identities. They recognise the influence of emotions on behaviours and discuss factors that influence how people interact. They describe their own and others' contributions to health, physical activity, safety and wellbeing. They describe the key features of health-related fitness and the significance of physical activity participation to health and wellbeing. They examine how physical activity, celebrating diversity and connecting to the environment support community wellbeing and cultural understanding.

Students demonstrate fair play and skills to work collaboratively. They access and interpret health information and apply decision-making and problem-solving skills to enhance their own and others' health, safety and wellbeing. They perform specialised movement skills and sequences and propose and combine movement concepts and strategies to achieve movement outcomes and solve movement challenges. They apply the elements of movement when composing and performing movement sequences.

Monitoring student learning

Student learning should be monitored throughout the teaching and learning process to determine student progress and learning needs.

Each lesson provides opportunities to gather evidence about how students are progressing and what they need to learn next.

Specific monitoring opportunities in this unit may include observation, consultation and samples of student work.

Feedback
Feedback may relate to the development of students' Health and Physical Education knowledge, understanding and application of skills. In this unit this may include: - the identification of their motivation for participation in physical activity - the collection and recording of information about physical activity - the identification of benefits of participation in physical activity - the identification of the use of technologies to support physical activity.

Status: Master

Learning Area/Subject: Health and Physical Education

Duration: 10 Weeks

Assessment Task - Marking Guide		
Assessment Task Name:	Let's all be active (Yr 06)	Technique: Assignment/Project
		Date: TBA
Description:	Students describe the significance of physical activity to health and wellbeing, to describe their own and others' contributions to safety and wellbeing. Students examine how physical activity, celebrating diversity and connecting to the environment support community wellbeing and cultural understanding.	
Learning Area/Subject	Health and Physical Education	
	Knowledge and understanding	Investigating
	Describe the significance of physical activity participation to health and wellbeing.	Describe their own and others' contributions to health, physical activity, safety and wellbeing. Examine how physical activity, celebrating diversity and connecting to the environment supports community wellbeing and cultural understanding.
A	◀ Creates a physical activity that matches the guidelines.	◀ Explains how the physical activity accounts for diversity, connects to the environment and supports community wellbeing at their school.
B	◀ Provides a clear explanation of the physical activity.	◀ Explains how the physical activity supports the wellbeing of others.
C	◀ Describes the significance of physical activity participation to health and wellbeing.	Describes their own and others' contributions to health, physical activity, safety and wellbeing. ◀ Examines how physical activity, celebrating diversity and connecting to the environment support community wellbeing and cultural understanding.
D	◀ Describes a physical activity.	◀ States a contribution of physical activity to community wellbeing.
E	◀ Provides detail about the physical activity.	◀ Describes own physical activity.
